Celebrate Presidents Day

"Hail to the Ladies"

The Bush Museum Storytellers Guild is proud to host educator and actress Judy Bernstein as she presents "Hail to the Ladies," a tribute to some of America's first ladies. The program features exciting behind-the-scenes stories of our country's most interesting public servants. See how the presidency comes to life through contributions of the first ladies.

The education department provides the storytelling programs free-of-charge. Ask about **free student museum tours** of the interactive galleries where exciting historical exhibits are displayed.

Participants will receive the free book "Mr. President: A Book of U.S. Presidents" by George Sullivan.
